QUESTION 1

Scenario: An outbreak of HIV/AIDS has been reported in a community with a high prevalence of commercial sex workers. Local health officials are seeking interventions to control the spread of the disease. In this reference:

- a) Discuss five strategies the local health officials can use to reach out to this high-risk population and reduce their transmission rates **(10 marks)**
- b) Determine five challenges the local health officials are likely to incur in promoting safer sexual practices in this vulnerable group **(10 marks)**

QUESTION 2

- a) Discuss five interventions that can be implemented to reduce stigma within the community **(10 marks)**
- b) Explain five reasons why counselling is important before and after taking a HIV/AIDS test for any person willing to know their HIV/AIDS status **(10 marks)**

QUESTION 3

- a) With five reasons, justify why it is important for HIV/AIDS organizations and people living with HIV/AIDS to build partnerships and network together. **(10 marks)**
- b) Discuss five responsibilities of the church in HIV/AIDS management in our communities as intimated by the World Church Council **(10 marks)**
