INSTRUCTIONS

- Read the instructions and questions carefully before you write the answers.
- **Answer any TWO questions**
- *ALL PAC University's examination rules and regulations apply*

QUESTION ONE

As a health program officer, imagine you are developing a health program for a rural community:

- a) Describe three categories of health that you would focus on. (6 marks)
- b) For each category, propose a specific initiative that addresses a unique health issue within that category. (6 marks)
- c) Identify four barriers to the success of the program and propose solutions to address each barrier. (8 marks)

QUESTION TWO

You are tasked with educating a community about communicable diseases.

- a) Using relevant examples, describe five types of disease transmission that you would cover in your educational sessions. (10 marks)
- b) Discuss five strategies the community can use to prevent the transmission of communicable diseases. (10 marks)

QUESTION THREE

You are invited to a community as a health worker to speak with the youths between 18-24 years about health.

- a) Using relevant examples, discuss five health related issues to this group. (10 marks)
- b) Using the socio ecological model, explain to them any five levels of influence on a person's health. (10 marks)
